Dear Parents, Carers and Children

I want to start by saying a great big thank you to all of my home learning and school learning heroes. I am super proud of how hard you are all working!

Next week (Monday 8th- Friday 12th February) the teachers are planning a range of activities for our afternoon learning sessions. We will have our daily morning Google Meet lessons as usual but **not** our afternoon Goggle Meet. Instead, for the afternoon sessions, children will be set a range of activities relating to mental health and well-being, Valentine's Day, Chinese New Year, Internet safety or Michael Morpurgo workshops. Some of these fun activities will be online but many will be non-screen based.

Thank you again for your continued support.

Take care everyone.

Mrs Butt
