

Dear Parent /Carer,

We are pleased to announce that we have successfully delivered the Ten:Ten Relationships, Sex and Health Education programme of study over the last two academic years. As previously notified, from September 2021 this topic was made statutory in all Primary Schools in England. The programme of study has been well received by children and staff. Ten:Ten is an award-winning Catholic educational organisation that is well-respected and very experienced in this field of work.

We welcome any feedback you may like to give on this annual consultation review which begins on Monday the 16th of October 2023 and ends on Friday the 3rd of November 2023. Please add any comments that you may have on the attached questionnaire.

As previously stated last year teachers deliver lessons which are sequential, age appropriate and differentiated to the child's ability. The activities and reflections which each class are involved in focus on physical, social, emotional, intellectual and spiritual development.

Some of the lessons we will explore are:

- about the physical development of their bodies as they grow into adults
- that humans reproduce
- about the importance of family life
- about the parts of the body
- about puberty
- to respect the views of other people
- about what to do about inappropriate behaviour

As the children progress through the school the content of the lessons becomes further in-depth.

The lessons are in line with our policy, Diocesan and Local Authority guidance.

The Ten:Ten Online Parent Consultation Tool form can still be accessed from the Catholic Life drop down menu on our website and outlines the following:

- The statutory changes that have taken place.
- Articulates a vision for Catholic Relationships and Health Education.
- Explains how Life to the Full aims to help us fulfil the statutory curriculum with a Catholic ethos.
- Provides some information about key decisions we need to make, in our annual consultation with parents.
- Answers some Frequently Asked Questions.

Ten:Ten provides an **Online Parent Portal** which will keep you informed about what is being taught in school.

- **Access the Parent Consultation Tool here:**
